## BUNCOED BY A LOST BROTHER

John Trees of Shelbyville  
Tells Pathetic Story For  
Benefit of Others.

Had Dreams of Mining Property  
Which Would Pay Him Good  
Per C. on His Money.

"Buncoed! Yes, out of \$1300 in hard-earned cash. She's gone sartin, I reckon. Say, young feller, print her, I don't care who knows it. May be by makin' it public some other poor cuss will profit by my loss."

As these words fell from the lips of John Trees he stood gazing into space, his eyes moistened, the picture of despair. After a pause he suddenly pulled himself together and continued, "How did it come about? Why, easy enough. Say, did you ever trap quails by the old box and ditch trap? Well, that explains the situation. I'm in. Yes, all in."

It seems that Trees was "worked" pretty smoothly concerning the matter. The Shelbyville Republican says:

Several years ago William and Hannah Trees, well known in Shelby county, died. They left eight children. Their son, Adam, left home twenty-four years ago and not a word had been heard from him since that time.

It was supposed by the heirs of the estate that he had met death and when the settlement of the estate was made, the court went through the matter of declaring him legally dead, thus preventing him from securing any of the estate, were he yet alive. His interest was then divided among the other heirs of the estate.

Recently there arrived in this city a well dressed stranger, who registered at the Hotel Ray. He claimed his name as Adam Trees.

He made inquiry, finally gaining the information that his brothers and sisters still resided in various parts of Shelby county. He visited at the home of his sister, Mrs. Michael Zoble; also his brothers, John and Shelby Trees, and also the other relatives. He also learned that he had a brother, Newton, at New Castle, and he visited him.

The brother stated that he had prospered greatly in the West and that he was at the present time located in California, where he owned large mining and land interests.

He finally gained the confidence of the members of the Trees family and after a while, made the proposition to take Newton Trees and wife, also John Trees and his wife and his sister, Mrs. Zoble to California to spend a few months with him, he agreeing to pay all the expenses of the trip to California, and also the expenses of the return journey. The plan was supposed to have been all arranged, and the day set for a meeting in Indianapolis, when the start on the western trip was to be made.

Shortly afterwards John Trees and the long-lost brother met at the home of a cousin in this city and Adam interested John in some western mines.

After a long talk over the proposition, John decided that he would invest in some of the property on his arrival in California. Adam finally persuaded John to give him \$1300 for safe keeping until their arrival in the western state, when the money, from which he could realize about 20 per cent., would be returned over to him for investment.

Further arrangements were made in regard to the trip, when the subjects were finally dismissed and Adam gave an excuse to go out into the yard.

Since then he has never returned and the thought of "buncoed" afterwards flashed across John's mind.

The matter has now been placed in the hands of attorneys.

Arrangement have been completed for an excursion to the Subterranean Wonders of Kentucky by the Seniors of the Greenfield high school and they are offering their friends an opportunity to make the trip with them at a cost so low that hundreds will, no doubt, take advantage of it.

## AN EXCELLENT IDEA

Why Not Adopt This Suggestion  
For a Clean City in Rushville?

The American Civic Association, which is giving attention to municipal beauty and cleanliness, calls attention to the work done by branches of the association in the cities named: A municipal house-cleaning day has been inaugurated with success by the Ashland branch, and also by the city improvement society of Lincoln, Neb. Agitation of the subject in the newspapers was the first step taken to arouse interest. The next step was for the mayor to issue a proclamation setting aside such a day. In Lincoln two days were thus devoted to the work. In Ashland the school superintendent dismissed the schools for the day in order that the children might assist in the work, and the president of the Board of Health, furnished free wagons for the disposal of garbage and rubbish. The work of cleaning backyards and alleys and vacant lots was entered into with a will, and it was admitted that Ashland had never been so clean a city before. The health officers reported a great improvement in the sanitary conditions of the city.

## HARRY GODDARD IS SENT TO JAIL

Boy Who Robbed Windsor Bar  
Saved From Prison by His  
Mother's Pleadings.

Harry Goddard, aged 18 years, and the son of Mr. and Mrs. Frank Goddard, two highly respected residents of Connersville, who robbed the cash register in the bar at the Windsor hotel in this city some time ago, and who was convicted at Kokomo several months ago, for forgery, was saved from a trip to the penitentiary by his mother's tearful pleadings. Concerning the matter a special to the Indianapolis News has the following to say: Owing to his mother's tearful pleading, Judge Elliott, of the circuit court, sent Harry Goddard, of Connersville, convicted of forgery, to jail instead of prison. The young man is addicted to cigarettes.

## THREE JUDGES IN COURT TODAY

Lively Times at the Court  
House.—Things Doing  
There.

Three judges occupied the bench at the court house today and there were lively times for a while.

Judge Barnard, of Indianapolis, special judge in the case of Almsman vs. Carr was here and made up the issues in that case besides attending to some other matters of minor importance connected with it.

Judge Clifford was here and filed his findings in the case of Alfred Kendall vs. Marcus A. Kendall, to set aside a deed. The court found in favor of the plaintiff and set aside the deed.

Judge Broadus returned at noon from Indianapolis, and looked into several things. He will try the case of Roland vs. Allenthorpe tomorrow.

Elmer Pea has brought suit against Ira Clevenger to foreclose a mechanic's lien.

Eddie G. Thompson has been granted a license to wed Catherine Elizabeth Richey, and Frank Ward Cotton was granted a license to marry Mary Cornelia Casady.

Otonkah Association of Haymakers, of Connersville, are making preparation for their grand annual parade and banquet.

## SHOULD BOOM RUSHVILLE

Business Men and Citizens  
Should Join in Movement  
For Advancement.

With Traction Line and Merchants Association Good Opportunities Presented.

Every business man in Rushville, every citizen who has interests that would be affected by an increased growth and continued prosperity, owners of real estate especially, should make it a point to do something toward bringing new factories and work shops to our city, and thereby aid in increasing and if possible, doubling our present population. It has been clearly demonstrated that such broad cast on the waters returns many times. A public subscription to facilitate the location of new business enterprises in our midst would be in order, and would in a short time return dividends to all real estate owners and business men, in increased business and enhanced values. It fills up stores, fattens the deposit bank, gives market to property, brings around tenants, fills offices with clients, swells freight tonnage. It sends fresh blood coursing through the arteries of business. The railroads, banks, gas company, telephone company, real estate firms, retail houses, many of the manufacturers can all advance their own interests by locating and establishing new manufacturing interests in Rushville. Next comes hundreds of small concerns, laboring men, farmers and in fact every citizen of the county could afford to contribute liberally toward the up-building of our city. There is no politics just now to write about, to think, talk or fight about, and the newspapers of this city can well afford to give up a large share of their spacing to booming the best town on earth. Let the knockers keep mum or move out. The real estate men of Rushville and a few others have in times past worked hard and have accomplished much, but they cannot do it all. They need and should have the aid of every citizen of the city or county. It is no trick at all to raise a fund of fifty or seventy-five thousand to build a church, and have every dollar of it paid in less than two years. What's the matter with raising a fund of thirty thousand to be used for the purpose of locating a few large manufacturing establishments in our midst. They would pay taxes, employ labor and rapidly increase our population. We have several men in this city who can well afford to give a thousand dollars toward a fund of this kind, and a large number who could give five hundred and hardly miss it; and hundreds who could contribute fifty or a hundred and never feel the effects of it in two years from now.

Rushville has a great opportunity to build herself up by taking advantage of the conditions that electricity will develop. The country about us is equal to the best in the world. It is capable of sustaining and will soon have a dense population. The day of interurban roads is here. The country will soon be a net work. This ought to and will make a large city here if we take anything like a broad view of the situation. With the I. & C. which will come day be one of the largest and finest electric roads in the county, Rushville's railroad facilities are further increased and a better opportunity for advancement is presented.

## LODGE NOTES

The Odd Fellows will confer the first degree upon one candidate tonight.

A full attendance of the members of Ivy Lodge No. 27, Knights of Pythias is desired at the regular meeting tomorrow night.

The popular magazine writer, Frank N. Stratton, of Kokomo, is a prominent member of Kokomo Tribe of Red Men.

## WILL GO TO SCHOOL

Congressman Watson Will do  
Some Studying During  
Philippine Trip.

Louis Ludlow, in the Indianapolis Star says: Congressman Crumpacker and Watson who are going to the Philippines with Secretary Taft, will have to attend school on shipboard. Two months will be spent on the water, going and returning. It is not Secretary Taft's intention that the trip shall be a mere junket. He wants the members of Congress to learn as much as possible about the Philippines to the end that they may understand his recommendations and legislate wisely.

It was learned today that the War Department is preparing to send with the party maps and books about the Philippines to be studied enroute and that Col. Clarence R. Edwards, chief of the Insular Bureau, will deliver daily lectures to the ship's passengers on subjects relating to the Philippines.

## THE MILROY H. S. COMMENCEMENT

Large Number of Friends and  
Relatives of the Graduates  
Gather at the Exercises.

(Special to the Republican)

Milroy, Ind., April 4th, 1905.—The thirteenth annual commencement of the Milroy high school was held in the opera house at this place Monday night, April 3d. Hon. John W. Kern, of Indianapolis, addressed the class together with a large and appreciative audience.

The class consisted of nine members, one boy and eight girls. The Rushville high school orchestra furnished the music. The stage was beautifully decorated in class colors and in palms, ferns and other plants of a kindred nature. After the address Supt. Headlee spoke some very appropriate words to the class and presented the diplomas. This is the largest class that has ever graduated from the four years' course.

Miss Jessie Tompkins had first honors in the examination, but there were no valedictory nor salutatory given.

## PLAYERS ARE RE-INSTATED

The High School Base Ball  
Team's Troubles—The  
Schedule.

It is very probable that the four members of the high school base ball team, Pitcher McGuire, Catcher Puntney, First baseman Green and Captain Charles Stiers, who were on Monday suspended for using tobacco and because they were not up in their studies, will be reinstated. All of the players except Green will be allowed to play against Shelbyville on Saturday of this week. The matter will not be definitely settled until next week.

The high school schedule as it now stands is as follows:

April 8—Shelbyville at Rushville.  
April 15—Deaf and Dumb Institute, Indianapolis, at Rushville.  
April 29—Open.  
April 29—Shortridge High School, Indianapolis, at Rushville.  
May 6—Rushville at Franklin.  
May 13—Rushville at Shelbyville.  
May 20—Franklin at Rushville.  
May 27—Voorhees Business College, Indianapolis, at Rushville.

The Great Council of Ohio Imp'd O. R. M. will hold its annual meeting in Cincinnati, beginning on May 8th and continuing five days. The order in Ohio is making rapid strides.

## VERY LITTLE OF IMPORTANCE

Was Transacted by the City  
Dads at the Meeting  
Last Night.

Several Petitions For Extension  
of Water Mains Granted—  
Ordinance Postponed.

The city council met last night in regular session all members being present, except Councilman Dale, and Mayor Hall, who is suffering from a badly sprained hip. Councilman Brann was elected chairman of the body and presided at the meeting. The minutes of the last meeting were approved as read.

The petition of John E. Gantner for an extension of the water mains at a distance of 80 feet north on Jackson street from Fourth street was granted.

A petition from Daniel Brown, A. L. Riggs and others, praying that the water mains be extended one square west on Eighth street from Oliver street was granted.

The water and light committee reported that it had given the petition of the I. & C. traction company for a 4 inch tap in the water main on Julian street so that a fire plug might be placed in its car barns, further consideration and they recommended that the petition be granted on condition that a certain kind of valve be placed on the main, that the city have absolute authority and control over the plug and that the superintendent of the water and light plant be given a permanent pass into the I. & C. buildings. The petition was replied by Will M. Frazee, representing the company, who was present, and was granted, providing that the traction company accept the conditions. Mr. Frazee stated that it was absolutely necessary for the I. & C. to have the plug as could not get any insurance on the building without it. The report of the water and light committee was concurred in and the matter was placed in the hands of Supt. Ong with instructions to tap the main as soon as the traction company gave notice.

The petition of Readle Bros. for an extension of the water mains to their factory on McClarence street, north from Third was granted.

City Marshal Craig reported the collection of \$14.50 street and show license for the month of March. His report was received and placed on file.

The city treasurer's report for the month of March, showing a balance on hands April 1st of \$5343.91, was referred to the finance committee.

Street Commissioner Barrett reported the sale of \$12 worth of dirt during the month of March. His report was received and placed on file.

Superintendent Ong's report for the water and light plant for March was referred to the finance committee. The report showed the total receipts for the month as being \$414.89, and the total disbursements as \$1539.01. Most of the disbursements were for the late improvements to the plant.

The third reading of Ordinance No. 157, relating to the public health, was postponed until the next meeting.

The matter of placing an electric light at the alley on Harrison street, between Seventh and Eighth streets was discussed and council adjourned after allowing claims and bills amounting to \$1800.

## DEATHS

Rev. Thomas Sommers, well known in colored circles, died at 1:15 this morning at his home on East Eighth street of cancer of the liver, following an illness of several months. He was a native of Kentucky and was forty-seven years of age. Last fall he underwent a severe operation at Sexton's sanitarium, but never fully recovered. He leaves a widow. The body will be taken Friday morning to Shelbyville, where the funeral services will be held, at the Second M. E. church, conducted by Presiding Elder George A. Sissile.

## MADE IN HOBOKEN

Old Violins Turning up in Indiana Are Pronounced  
Frauds.

The number of old violins that are turning up in Indiana recently purporting to have been made by the celebrated Stradavarius, who lived in the seventeenth century, shows beyond doubt that the words of Professor Johnson, of Cincinnati, who created consternation a few years ago in musical circles by asserting that two-thirds of the violins that bore the celebrated maker's name were frauds, was true. Stradavarius lived to the ripe age of 73, and if he had constructed a violin every week of his life from the day of his birth up to the time of his death, he could not have made one-third of the violins which have turned up in the last fifty years bearing his name. It develops that all the late Stradavarius instruments are turned out in a little factory in Hoboken, New Jersey, and the counterfeiters are put through a process which makes them show age, and it is said, that even experts are often deceived, so complete is the deception.

## A NEW TRAIN ON BIG FOUR

Another Fast Train Will Probably  
be Added to the Michigan  
Division.

There is talk among Big Four officials of putting on a fast passenger run between Cincinnati and Warsaw for the accommodation of those who wish to attend the summer meetings at Winona Lake. It is said that the trains on this run will cover the distance, 207 miles from Cincinnati to Warsaw in six hours, including a change of crew to be made at Greensburg. The crew coming out of Cincinnati will be succeeded there by a Michigan division crew, which will take the train through to Warsaw. It is also understood that a similar run will be put on between Louisville and Warsaw. These runs will probably be put on May 1st and will continue throughout the summer meeting.

## THE MASONS INCORPORATE

Articles Are Filed Today With  
the County Recorder—The  
Company.

The Phoenix Masonic Temple Association, composed of the Masons of Rush county today filed articles of incorporation with County Recorder E. B. Lowden.

The association is capitalized at \$20,000, with 400 shares at \$50 each to be paid in cash or in weekly installments. The association is to be managed by seven directors who will hold the property in trust and will pay dividends from the rentals after the expenses are paid. The directors are given all power to carry on the business of the association. The election of the officers will occur once each year. The directors for the first year are Ben L. Smith, W. M. Pearce, Frank A. Mull, Frank M. Sparks, John P. Frazee, Rush G. Budd and Charles A. Frazee. The association will have a seal entitled "Phoenix Temple, Rushville, Ind." A large portion of the stock has already been subscribed.

A great many people are now taking advantage of the few days which remain of the open season for duck shooting. The season closes the fifteenth of this month and for several years the shooting has not been so good as this season. There have been very few ducks killed, compared to other years.

## HE MAKES A NEAT SPEECH

The President Much Impressed  
With Hurried Trip  
Through Indiana.

At Huntingburg He Tells the People  
it is a Great Pleasure to  
Meet and Greet Them.

St. Louis, April 5.—From Louisville to St. Louis President Roosevelt took more than a passing interest in Indiana and Illinois, the two states through which his special train passed. He discussed with his guests the relative merits of the states from an agricultural point of view and the warmth of the people as displayed at the various places the special stopped or hesitated. At a dozen or more towns the train slowed down and at most of these great crowds were at the depot cheering as long as the train was in sight. He made three speeches en route. They were at Milltown, Ind., Huntingburg, Ind., and Mt. Vernon, Ill. At East Junction, near Princeton, Ind., where a change of engines was made, the president jumped down from the rear platform of the train to shake hands with a number of employees of the railroad shops there. The train ran through Princeton slowly to give the president an opportunity to hastily review several hundred school children that had been assembled near the railroad tracks.

At Huntingburg, Ind., the president said: "Ladies and Gentlemen: It is a great pleasure to catch this glimpse of you and greet you on my way down to the reunion of my old regiment at San Antonio, Tex. There is one thing I am always impressed with in going through this country, and that is that down at bottom, East or West, North or South, wherever you meet the average American he is a pretty good American. In greeting all of you I want to say that while I am particularly glad to see the men and the women, I think I am even more glad to see the children. I think the American stock is a middling good one, and I don't want to see it die out. I see here men who wear the button that shows that they fought in the great war. They have left us a legacy not only of how to do our duty in war, but in peace. Let us of the younger generation try to keep up their standard."

## THE TEAM WILL LOSE JESSE RUBY

Star Twirler May be Compelled  
to go Back to Rock Island.

From the present indications it looks as though the Rushville Sunday League club will lose pitcher Ruby, who will probably go to the Rock Island Three I League team to which he was traded by Davenport, where he played last year.

Owing to some trouble with the captain of the Davenport team, Ruby was traded to Rock Island for Catcher Cheek. He was offered \$120 per month, but wants more money. The Rock Island management demands that he report and Ruby refuses to go until it comes to his terms.

He is figuring as to what he had better do and as yet is undecided as whether he will go or not. The Rock Island management has sent him transportation.

While the average young man, if he is sent on a two-mile errand, has to have a conveyance, John Hartlieb, eighty-three years of age, walked twelve miles to Peru to pay less than \$3 taxes, and then danced a jig to show that he was not tired.

RUSHVILLE, IND. APRIL 5, 1905.

The announcement that the use of  
the flag for advertising purposes is to  
suppress in this State commands  
emphatic approval among all those to  
whom the flag stands for something.

Those Chicago professors who have  
bought a five-hundred-acre farm for  
experience, are likely to get plenty of  
it. Incidentally the discipline of  
hard work and open-air thinking  
ought to take the rough edge off some  
of the ideas these gentlemen have been  
giving to through the sensational  
press. If real farm life fails to instill  
common sense, the case is hopeless.

Since Andrew Carnegie cannot  
spend his money fast enough building  
libraries, he is turning his attention  
to small colleges. Of these he says:  
"I think a young man who goes to a  
small college receives a better educa-  
tion than at a large one. I like to see  
men not excelling in foot ball or  
things pertaining to the foot, but ex-  
celling in the head expansion. Sport  
is too generally taking the place of  
valuable knowledge at the big col-  
leges."

After marrying a Hungarian count,  
Miss Hart, of Cleveland, Ohio, made  
the usual sad discovery that he had  
deceived her as to his social standing  
and misrepresented the amount of his  
debts. But an obliging Cleveland  
judge granted the young woman a  
divorce. Court processes, however,  
are often slow and unpleasant and  
better protection is required for  
American heiresses. There are cor-  
porations which guarantee the title  
to real estate, insuring the purchaser  
against loss. Why not other cor-  
porations to guarantee the title of foreign  
noblemen and to insure the invest-  
ment against misrepresentation?  
American heiresses are entitled to as  
much consideration as real estate  
speculators.

It is a very pretty theory of course  
that government employment should  
not be bestowed merely for party  
service, but it lacks a good deal of  
having in it the substance that many  
of its advocates seem to believe. It is  
not necessary to assume that an office  
bestowed upon a party worker is used  
merely as a reward for partisan  
services, even if the reformers want  
to split on theories. Suppose we  
theorize about it a moment. The man  
who really believes in the principles  
of a party, if he has any pith in him,  
will be inclined to work for that party  
and it is his duty to do so. If he is  
capable, he will work effectively. If  
he is capable of doing effective party  
service he is capable of doing other  
things, and the fact that a man has  
been able and willing to do effective  
party service ought to be regarded as  
a recommendation. Add to this the  
fact that if a thousand such men are  
taken, the majority will be found  
capable in other service. A weakling  
or a dullard is not to be found among  
the capable party workers. Such  
work is not done by men that nature  
intended either for spinsters or grand-  
mothers. The man who is intelligent  
enough and industrious enough to do  
things in one place is likely to have  
a mighty good foundation for effective  
service in another. This is a good  
theory, and the actual tests show it to  
be true in the majority of cases.

## A RADICAL ACTION

Chicago Stands Committed  
to the Policy of Muni-  
cipal Ownership.

### PRACTICAL SOCIALISM

The Vote Given Judge Dunne Demo-  
cratic Candidate For Mayor, In-  
dicative of the City's Temper.

Party Politics Cut no Figure in the  
Election, Municipal Ownership  
Being the Dominating Issue.

Chicago, April 5.—A political torna-  
do yesterday overwhelmed one of the  
most ruggedly unique leaders in the  
country. Incidentally the Republican  
party met defeat in a memorable ef-  
fort to capture the mayoralty of Chi-  
cago. As a direct result the city is  
officially committed to the policy of  
the quickest possible cessation of pri-  
vate franchises for public utilities.  
Municipal ownership is especially  
threatening streetcar lines valued high  
up in the millions.

After winning successively four re-  
markable biennial fights of independ-  
ents against the regular Republican  
party organization here, John Maynard  
Harlan, son of Associate Justice Har-  
lan of the United States supreme  
court, was yesterday a loser as Republi-  
can candidate for mayor. The de-  
feat is attributed to an extraordinary  
whirl of causes, starting with political  
revenge and taking in a wide sweep,  
embracing the most up-to-date social-  
ism as a factor. The victor is Judge  
Edward F. Dunne, Democrat, who was  
elected by a plurality of 24,248 and  
received a majority of 945 of all the  
votes cast. He also had the distinc-  
tion of receiving the greatest vote ever  
cast in Chicago for a candidate for the  
office of mayor.

Appeals to fear of domination by  
corporate wealth appeared to sway  
many voters and perhaps more than  
any other influence was incorrectly  
gauged by the Republicans. Harlan  
had been savagely harassed during  
the campaign as the reputed represen-  
tative of Wall street interests intent  
on fastening burdensome franchise  
grants on the city. The Republicans,  
however, had figured that the voters  
susceptible to appeals of this kind  
would support the Socialist candidate,  
Collins, and that losses, if any, to the  
Republicans would be more than made  
up by Harlan's old-time admirers  
among independent voters. Estimates,  
however, of 50,000 votes as the total  
for Collins, Socialist, fell woefully  
short. The chief error in this respect  
was apparently in relation to the  
amount of loss from the Democrats to  
the Socialists. The advocates of im-  
mediate municipal ownership radically  
voiced by Judge Dunne out-Heroded  
any move by Collins.

One of the amusing features that is  
recalled as tending to center good-  
natured feeling in Judge Dunne's be-  
half is his record as a father. He is  
the happy father of thirteen children.  
This phase of the campaign was at-  
tended by "Pop" Anson, who has an  
almost equally meritorious record in  
family matters. Anson, the old-time  
hero of baseball, was the Democratic  
candidate for city clerk. His popu-  
larity, personally, was beyond doubt  
a potent help to the Democrats, who  
seemed to hugely appreciate his cam-  
paign statistics designed to prove that  
the Democracy at least in Chicago are  
the original and only genuine oppo-  
nents of race suicide.

"Party lines and personalities of  
candidates were entirely forgotten in  
today's elections," said Judge Dunne  
last night. "Municipal ownership was  
the one great issue before the people  
of Chicago, and the returns show very  
plainly how the majority of the people  
of Chicago feel toward the private  
ownership of public utilities. It's  
the greatest victory that municipal  
ownership ever won in this country."

License Laws the Issues.  
Omaha, April 5.—City and village  
elections were held at all points in  
Nebraska yesterday with the exception  
of Omaha, which is governed by  
special charter. A majority of the smaller  
towns elected city tickets favoring  
high license of the liquor business.  
Interest generally centered in the li-  
cense issue and party lines, when  
drawn, usually were on the issue of  
"wet" and "dry."

The Result in St. Louis.  
St. Louis, April 5.—The municipal  
election yesterday marked one of the  
most heated political contests in years.  
It may require the official count to de-  
termine the result, which at present  
indicates a gain for Judge John A.  
Taft (Rep.) for mayor, over Mayor  
Rolla Wells (Dem.), nominee for re-  
election.

Some Kansas Surprises.  
Kansas City, April 5.—Elections  
were held in the larger cities of Kan-  
sas yesterday. The Democrats car-  
ried Kansas City, Kan., and Leaven-  
worth, this being a revolution and en-  
tirely unlooked for in each case. To-  
peka elected the Republican ticket, as  
did Wichita.

Colorado Town's Vote.  
Denver, Col., April 5.—Municipal  
elections were held yesterday in all  
cities and towns of Colorado, with the

exception of Denver. Little political  
significance attached to the election  
at any point.

Local Issues in Texas.  
Houston, Tex., April 5.—Municipal  
elections were held yesterday through-  
out the state by the small cities. Only  
local issues were involved and gener-  
ally the fights were along non-partisan  
lines.

No Politics in Missouri.  
Kansas City, April 5.—Elections  
were held in many cities and towns of  
Missouri yesterday. In most instances  
the issues were local in nature and  
party lines were not distinctly drawn.

### THEIR TROUBLES OVER

All's Well That Ends Well, Say Harry  
and Evelyn.

Pittsburg, Pa., April 5.—Mr. Harry  
Kendall Thaw and Miss Evelyn Nesbit  
were quietly married at 5 o'clock last  
evening at the home of the Rev. Wil-  
liam L. McEwan. No announcement

EVELYN NESBIT.

of the wedding had been made and  
none but members of the two families  
were present at the ceremony. The  
groom's father, William Thaw, was  
one of Pittsburg's foremost million-  
aire business men and prominently  
connected with the early development  
of the Pennsylvania railroad. Miss  
Nesbit several years ago was a light  
opera singer and a small sensation  
was created some months ago by talk  
of interference on the part of the  
young man's family when it was re-  
ported that the couple had been married  
in Europe.

### Bloody Arkansas Tragedy.

Batesville, Ark., April 5.—John Dow  
a negro went to Sulphur Springs to  
see his wife who was at her father's  
home and because she refused to re-  
turn with him he drew a pistol and  
shot her dead. Then he shot and killed  
his wife's mother and another ne-  
gress. His father-in-law secured a  
gun and shot Dow but not fatally,  
the latter being able to return the fire,  
killing his father-in-law.

### Woman Resentenced to Hang.

New York, April 5.—Anna Valen-  
tina, who was convicted of the murder  
of Rosa Salza at Lodi, N. J., a year ago  
and whose attorneys have been mak-  
ing every effort to save from the gal-  
lows, has been re-sentenced to be  
hanged on Friday, May 12. Sentence  
was passed by Judge Garretson in the  
supreme court at Hackensack, N. J.

### Fugitives Located.

Philadelphia, April 5.—It is autho-  
ritatively stated that two of the fugi-  
tives wanted in connection with the  
alleged swindling transactions of the  
Storey Cotton company, but whose  
names are not announced, had been  
located by the postal authorities and  
that their arrest will follow within the  
ensuing thirty-six hours.

### A Receiver Wanted.

Cincinnati, O., April 5.—A receiver  
for the American Fruit Steamship com-  
pany a \$5,000,000 corporation of which  
ex-United States Senator William E.  
Mason of Chicago is president and  
Leonard Gentile, Cincinnati, is sec-  
retary and treasurer, was decided upon  
by Judge Ferris of the common pleas  
court.

### Garfield Goes to Kansas.

Washington, April 5.—Commissioner  
James R. Garfield of the bureau of  
corporations left today for Kansas,  
going directly to Topeka, where he  
will begin his inquiry into the methods  
of the oil trust in that field.

buildings of the Union Metallic Car-  
tridge company at Bridgeport, Conn.,  
wrecked the building and killed three  
men.

## SHOT BY A MANIAC

Dr. Washburn at Rensselaer  
the Victim of Demented  
Ex-Soldier.

### HAS A SINGULAR MANIA

Joseph Marshall, Who Saw Service  
in the Philippines, Had Intense  
Hatred For Shoulder Straps.

Invaded Home of Capt. Washburn of  
the Indiana National Guard,  
With a Revolver.

Rensselaer, Ind., April 5.—While Dr.  
I. B. Washburn, one of the prominent  
young physicians of this city and his  
wife were seated in their parlor con-  
versing together, the front door was  
suddenly thrown open and, rushing  
into the room, revolver in hand, Jos.  
Marshall, oldest son of Attorney Ralph  
Marshall of this city, opened fire on  
the physician. Washburn jumped the  
moment his assailant fired, and the  
bullet penetrated his left leg just be-  
low the knee, shattering one of the  
bones and lodging in the fleshy por-  
tion of the limb.

Marshall immediately ran from the  
house and was later found in a grave-  
yard about a quarter of a mile down  
the river. He was lying in the grass  
and seemed in great terror. The  
young man has been mentally unbal-  
anced for some time.

He was in the regular army and saw  
service in the Philippines, and it is  
said he has always had an intense  
hatred for any officer who wears  
shoulder-straps. Dr. Washburn saw  
service with the First Illinois infantry  
during the Spanish-American war.  
He was also the organizer and former  
captain of Company M of this city, a  
member of the Third Indiana infantry.  
He now holds a commission as sur-  
geon with the rank of captain in the  
Third infantry.

### LADOGA BANK FAILURE

Liabilities Are Now Estimated at  
About \$109,000.

Ladoga, Ind., April 5.—As near as  
can be figured out at this time the li-  
abilities of the bank of Ladoga amount  
to \$109,000. Of this sum \$5,000 is owed  
to a national bank at Indianapolis and  
\$5,000 to the Central National bank at  
Greencastle. The bank deposits  
amount to \$99,000. It is said there are  
no other claims against the bank, and  
that \$109,000 is the sum total of its  
indebtedness. There are on hand com-  
mercial papers valued at about \$35,000,  
while the cash on hand is about \$2,100,  
and it is expected to realize about  
\$40,000 from the sale of manufacturing  
plants. It is expected the stockhold-  
ers will have to raise about \$36,000,  
and if they do this the claim is made  
that the bank will pay out.

Former Representative Knox, who is  
president of another bank here, has  
been made assignee of the Bank of  
Ladoga. It is known that money was  
received by the bank up to within a  
few hours of the time that it closed its  
doors, and there is a feeling that some-  
one will be prosecuted for receiving  
this money. If the bank here does not  
pay out there are a number of busi-  
ness men in both this and surrounding  
towns who will suffer severely.

### Boys Make Good Catch.

Hammond, Ind., April 5.—Two un-  
sophisticated farmer boys, George  
Jung and G. C. Gromes of Shelby, ef-  
fected a notable capture in which the  
police and detectives of two states had  
been unsuccessful, and arrested two  
horsethieves, supposed to be leaders of  
a gang operating in northern Illinois  
and Indiana. Last Friday William  
Warner's livery stable at Joliet, Ill.,  
was entered and two valuable horses  
were stolen. While hunting on the  
Kankakee in Newton county the boys  
found the thieves in the act of driving  
away. They covered them with their  
shotguns, compelled them to enter a  
boat and row across the river, where  
the boys imprisoned them in a barn,  
where they were held until the Ham-  
mond authorities arrived. The thieves  
confessed their guilt, registering their  
names as Leo Meyers and Carl  
Schmidt, with their homes "nowhere."  
They were imprisoned at Crownpoint,  
while Jung and Gromes lay claim to  
the \$500 reward offered by the Illinois  
authorities.

### No Charge Against Him.

Portland, Ind., April 5.—William  
Chapman, who killed John Steizer in  
a lumber camp in Wabash township  
last October and then disappeared,  
returned and surrendered to the au-  
thorities. The prosecutor informed  
him there was no charge against him,  
the coroner's inquiry showing that he  
acted in self-defense.

### Death List Grows.

Princeton, Ind., April 5.—John Dill,  
twenty-one years old, the ninth victim  
of the coal mine disaster, is dead.  
Dill's father died a week ago as a re-  
sult of the same accident. Out of ten  
men killed or injured, General Cole is  
the only survivor. He will recover.

### Progress Is Slow.

Hartford City, Ind., April 5.—The  
trial of Mrs. Ollie Sanderson for the  
murder of her husband continues with-  
out much interest and no sensational  
features. The defense is presenting  
its side of the case, but progress is  
slow.

## Morton County,

North Dakota,

Lies in the Missouri River valley, just across the river from  
the State Capital.

The land is mostly rolling prairie with fine valleys and is  
well watered. Has a deep black soil. Flax, Oats, Wheat,  
Barley, Millet, Corn and Spelt yield well. Potatoes and  
Onions do exceptionally well. The Wheat brings a better  
price than our Indiana product does.

All of the land produces the most nutritious grasses in  
the world.

Coal can be had in different parts of the county, and very  
cheap.

Sheep do exceedingly well and are not subject to diseases  
found in moister climates.

People who have moved from Indiana speak of the relief  
they have had from Catarrh, Stomach and Lung Trouble.

COUNTY S. S. CONVENTION AT  
RUSHVILLE, MAY 27th.

The county and township officers  
met in the assembly room last Satur-  
day and arranged the program for the  
county convention. We think this is  
the best program we have had. Several  
good speakers have been assigned live  
and important subjects.

We will have with us this year Mrs.  
D. W. Thomas, of Elkhart, who is the  
State superintendent of the Home De-  
partment. She is an excellent speak-  
er, enthusiastic and practical. It will  
more than repay any one to hear her.

Quite a number of other good speak-  
ers have promised to help and will  
add greatly to the interest of the con-  
vention.

Prof. T. A. Craig will have charge  
of the music which means that it will  
be first-class. It will pay you to come  
to hear the music. The program will  
be published next week.

Prof. J. H. Scholl returned from the  
State Teachers Association at noon  
Saturday and attended the meeting of  
the Sunday school officers, then went  
to Connersville. He visited his home  
school at Lyons Station on Sunday.  
The school there is doing good work.  
His brother who was sick is much  
better.

Mr. O. F. Guffin attended the meet-  
ing last Saturday. He is one of the  
faithful. Mr. A. T. Harrison, of Rich-  
land, attended the meeting. His  
daughter Ethel is suffering with in-  
flamed eyes.

Mr. Wm. Roth, of Orange township,  
was present at the meeting. He is  
getting ready for his convention to be  
held at Moscow on April 30th. He ex-  
pects to visit each of his schools be-  
fore that time.

### ORANGE TOWNSHIP.

Mrs. Ward one of the teachers in the  
school at Gowdy is sick, but is better.  
Ozell Hardy who is one of the cradle  
roll members is very sick.

Rev. Merritt Machlan visited the  
school Sunday. We were very glad to  
have him with us. In giving a review  
of the lesson he made some very good  
points. He represented Christ as the  
Savior of individuals rather than of  
churches or denominations. He said  
Christ knows every one, even each  
little boy and girl by name, and while  
each nation on earth may have its own  
peculiarity of wealth or social stand-  
ing to distinguish it from other na-  
tions, in Christ's kingdom only char-  
acters count. The rich and the poor,  
the famous and the most obscure per-  
son, each have the same chance of be-  
coming a part of the fold of Christ.

The passing away of Mr. H. B.  
Lucas removes from our presence one  
of the faithful workers in the vineyard  
of the Lord. Perhaps there is not a  
man in this part of the State who has  
devoted so much time for so many  
years in the Sunday school cause,  
especially in the organization of Sun-  
day schools. He became thoroughly  
acquainted with every school in the  
county and had visited each of them  
several times, always giving a helpful  
and encouraging message. He sowed  
the seed with a lavish hand; it remains  
for us to continue to sow and cultivate  
and harvest the golden grain. He  
spent his life for the masters' cause  
and for the upbuilding of his people.  
The world is better for his having  
lived in it.

### WORKING TOGETHER TO WIN.

The captain of the basket ball team  
was crippled and when a substitute  
took his place the game was lost.  
When the five played together who

were perfectly organized, as were also  
their plans for playing the game, they  
won victory after victory, their very  
superior organization being apparent  
to all spectators, as well as their per-  
fect understanding of each other. No  
elaboration of this illustration is nec-  
essary. The homely philosophy of it  
applies to a Sunday school, and to a  
Sunday school Association. If a school  
is well organized and the teachers un-  
derstand each other and are working  
together to win, that school will see  
boys and girls and young men and  
young women won for Christ. Are  
we working together to win? Let  
the superintendent put this solemn  
question in large letters across the top  
of his blackboard and let it stand  
there. Teachers will find it sinking  
into their deeper consciousness, and it  
will come before them as they are on  
their knees in petition and it may re-  
sult in a genuine revival in the school.  
The serious asking of that question  
over and over will put aside any petty  
things and do much to unite the  
teaching force of a Sunday school in  
a common purpose. Are we together  
to win?—Evangel.

### THE BEN DAVIS CREEK SUNDAY SCHOOL.

Sunday, March the twenty-sixth, the  
Ben Davis Creek Sunday school was  
organized after having been dismissed  
since the last Sunday in December  
1904. Officers were elected and every-  
thing gotten in readiness in order that  
it might begin the good work on the  
first Sunday in April. The following  
officers were elected: Claude Tompson,  
superintendent; Jacob Austen, assis-  
tant superintendent; Hazel Hinchman,  
secretary; Jeanette Austen, assistant  
secretary; Jas. A. Bussel, treasurer  
and Roy Wycoff, chorister.

About thirty-five were present at  
this meeting and a collection of \$1.48  
was taken up to help pay for the sup-  
plies for this quarter. All were in-  
vited back the next Sunday and asked  
to bring somebody with them and the  
result was that there was about fifty-  
five present last Sunday. It is hoped  
that this number will be greatly in-  
creased as the school progresses.

What does the sentence "All are  
invited to attend Sunday school here?"  
mean? Ask some people and they will  
say that it means the children are in-  
vited and talk as if when they sent  
their children that that was the end  
of it, that they had done their duty  
and were contented. But have they  
done their duty? No, they haven't  
done only half of their duty. They  
should come with the children and  
take an active part in the Sunday  
school, doing all they can for its suc-  
cess; thus they will help themselves  
as well as helping along a good work.  
But this is not all, they should come  
to learn of the Gospel of Jesus Christ  
for no one is ever too old to learn and  
all are learning something every day  
to better this physical life but neglect  
the spiritual life, thinking then they  
know enough to take them to heaven  
and that is all they need, but in that  
respect they are sadly mistaken for  
one can never learn too much of the  
Gospel and the more one studies it  
the more interesting it is; so come to  
Sunday school, both young and old for  
it will benefit you more than anything  
that you can do. There are special  
teachers there who have made a study  
of the scriptures and who will explain  
to you the meaning of all parts of the  
Bible.

All are invited to attend Sunday  
school at Ben Davis each Sunday at  
9:45 a. m.

### WILL RAISE GINSENG

J. H. Waters, of New Washington,  
Clark county, this State, is devoting  
considerable attention to ginseng cul-  
ture and is sanguine that he will make  
a paying venture. He expects next  
fall to have one acre planted and on  
this area he claims 120,000 plants can  
be raised. The value of such a crop  
would be \$25,000 to \$30,000, but this  
would take five years to mature and  
part of the harvest will be reaped in  
earlier years as seed and by selling  
the young plants. Washington town-  
ship, where his farm is situated, is  
the natural home of ginseng which  
used to grow there in large quantities.  
Whereas in those days it fetched 50  
cents the pound, the present quota-  
tion is \$7.50.

## BAR-BEN NERVE FOOD

Builds up the Body, Brain and Nerves.

It destroys the germs and microbes in the blood, expel-  
ling the morbid, unhealthy matter which irritates the ner-  
vous system and breaks down the vitality of men and women.

Try and learn properties that are necessary  
to restore health and strength to the broken  
down system. If you are nervous, irritable,  
restless; your heart jumps and palpitates at  
every noise; you cannot concentrate your  
mind on your work; do not sleep well at  
night; have no appetite for food and no en-  
ergy;—you need Bar-Ben. It will aid your  
digestion, increase your appetite, and within  
a few days you will feel that vim, vigor and  
vitality which you thought was lost forever.  
Bar-Ben is the brain tonic, natural  
and positive cure for all nervous diseases,  
lost vitality, night emotions and excessive  
the excessive use of tobacco, opium or liquor.  
No matter what has caused your trouble  
Bar-Ben will bring you back to health.  
Don't wait another day, get some Bar-Ben  
and begin taking it. The sooner you com-  
mence, the sooner your weakness will  
vanish.

## LOCAL BREVITIES

Jesse Pugh made a business trip to Indianapolis yesterday.

George Wingerter has placed a new floor in his cigar factory.

Isaac Webb is now able to be out after a short illness at his home southwest of town.

Del. Williams, the colored man, who suffered a stroke of paralysis sometime ago, is improving nicely.

Jesse Guire is substituting as mail carrier for J. P. Stech, during the latter's absence to Milroy.

Columbus is to have a wholesale grocery store which is to be established by Indianapolis capital.

The front of the room occupied by F. B. Johnson's drug store is being repainted, a bright yellow being used.

J. P. Stech has gone to Milroy to secure election as delegate to the Modern Woodmen's State convention at South Bend.

Mrs. Mary Dixon had workmen engaged today planting a hedge fence around her property on corner Morgan and Fifth streets.

The police have as yet received no word from David Sloan's horse and buggy stolen over a week ago from the public hitch rack.

Mrs. Elizabeth Stevens, who is ill with blood poisoning at her home in Noble township, was able to sit up a short time today.

Mrs. Amanda Hilligoss, who has been very sick for some time at her home on North Sexton street, is now afflicted with rheumatism.

Ed. Benedict, the well known house mover, fell from his wagon Monday night and dislocated his right shoulder. Dr. W. C. Smith attended him.

Mrs. U. G. Beaver, who underwent an operation Monday at Sexton's sanitarium, is reported in a critical condition, but is thought to be slightly better today.

Eddie G. Thompson and Miss Catherine Elizabeth Richey were united in marriage last evening at 4 o'clock at the M. E. parsonage by Rev. V. W. Tevis. They will reside on a farm, southwest of town.

By the burning of a barn belonging to Messrs. Dobyns & Patterson, near Brookville, four horses and four cows were cremated. One of the horses had a record of 2:21 1/2, and was valued at \$2000. Total loss, \$4000.

A cylinder head attached to one of the dryers at a paper mill at Brookville blew out, barely missing Frank McClelland in his flight and tearing away part of the machinery, necessitating a shutdown for repairs.

James McKelvy, a well known farmer, near Sardinia, Decatur county, by a fall from his barn loft, is believed to be fatally injured internally. He is seventy years old and his unconscious condition causes grave concern.

Steps are being taken to consolidate the Farmers' Institutes of Wayne, Fayette and Henry counties into one grand assembly, to be held at Cambridge City during the coming winter. Mrs. Virginia C. Meredith is a leader in the movement and many claim that more good can be done in this way than by holding separate institutes.

A fine driving horse owned by Clarence Hildebrand and a large bull were in a field near Marietta, Shelby county, when the bull, becoming infuriated, gored the horse. A fierce fight took place, which resulted in the death of the horse. Those who saw the fight attempted to separate the animals, but were unable to do so.

If the springtime has come for sure as it seems probable, we will have a season from four to five weeks earlier than for several years past. Farmers and gardeners should lose no time in getting out their crops. The early crops usually do much better than the late ones. The hot, dry weather that nearly always comes later in the season is very hurtful to the crops.

George Bundy, of Knightstown, was here today on business. Mr. Bundy is a house mover and will probably move R. W. Cox's house and that on North Harrison street now occupied by Rev. W. P. McGarey. The new U. P. church will be built on the latter site and the house will be moved to the rear of R. A. Innis' lot adjoining on the south. Mr. Cox's residence will be moved to his newly purchased property on North Morgan street which formerly belonged to the Sexton heirs.

Mrs. Jabez Smith, who is sick at her home on Third street, is reported better.

'Squire W. S. Hall is slightly improved today although he spent a bad night.

Delbert Stewart, who is critically ill with appendicitis, is reported better today, but not yet out of danger.

Tom Horr has resigned his position as night man at the Magnolia restaurant, and accepted a day job with John Madden.

Mrs. Joseph Abel, of Indianapolis, who is sick with appendicitis at the home of her sister, Mrs. Albert Robinson, is no better.

Mayor Hall's sprained hip keeps him confined to his office. It causes him considerable pain, especially at night, when his sleep is disturbed.

The sale of the personal property of the late John Smith yesterday at the farm residence, four miles east of town, was well attended. The hogs averaged 7 cents per pound; the Plymouth Rock chickens \$9.60 per dozen, and two of the three horses sold brought \$150 each.

The Central Fuel company has cleaned out an old gas well on the Israel Piper farm and when tested it was found to be as good as it was when it was drilled. The drilling outfit has been moved to a point one-half mile distant on the same farm, where another well will be drilled.

The traction people report that they are having trouble with the junk thieves. Yesterday about 200 pounds of iron was taken from the company's plot of ground near the Hackleman switch, west of town. An attempt was made to sell it in this city, but it failed and the iron was recovered.

Capt. J. H. Mauzy writes from San Antonio, Texas, that he and his wife will go to Dallas for a stay. He says that the trees in Texas are in full leaf, roses of all kinds are blooming and everybody is ready to give President Roosevelt a big reception at Dallas when he arrives there on April 7th.

A sorrel team belonging to one of the flour mills in the city became frightened on North Morgan street yesterday morning and came tearing down the I. & C. track, but at the Third street corner, Col. T. M. Ochiltree and Omer Powell bravely rushed into the street, caught the animals by the bits and brought them to a stop without any serious results.

Fred Heeb, son of Mr. and Mrs. Philip Heeb, who is bill clerk at the Pennsylvania depot, was seized with an attack of heart trouble yesterday while while carrying some baggage out to the 10:35 train, which had just pulled into the station, and fainted. Dr. D. H. Dean, the company's physician, was called and applied proper restoratives. Fred was taken home in a cab, but is at work today.

Greenfield Tribune: Lincoln Cole, wife and daughter Miss Mary, returned home Monday from Fitzgerald, Georgia, where they have been spending the winter. Mr. Cole went South for the benefit of his health, but did not improve as much as his many friends expected and hoped. Mr. and Mrs. Cole are tolerably well known here. Mrs. Cole is a sister to Mrs. G. G. Mauzy.
